

Play, active recreation and sport at ORANGE

Your setting will depend on where you are in New Zealand.

This guidance covers:

- Indoor and outdoor community sport, including watersports – this can be a team sport or individual sport, contact or close-proximity, or non-contact
- Recreational activities like walking, ocean swimming, swimming laps at the pool or going to the gym
- Play in homes, neighbourhoods and playgrounds

What's open at Orange

- All outdoor parks, fields and playgrounds are open for use
- You can use things like playground equipment and benches in public spaces
- Gyms can open if vaccine passes are checked
- Public facilities like council-owned swimming pools and recreation centres can open subject to capacity limits
- Sports and recreational facilities can open but will need to consider specific additional rules for the commercial premises that they run such as cafes. See MBIE's [guidance for businesses](#).
- If a business, event or organisation does not wish to request proof of vaccination, they will have to usually operate within more strict limits on capacity and space requirements.

Always do these things in Orange

- Record keeping and scanning of the COVID-19 Tracer App is required.
- Face coverings are mandatory on flights, public transport, in taxis, retail and public venues. Face coverings are encouraged elsewhere.
- You should stay home if you are unwell and call your doctor or Healthline on 0800 358 5433 for advice about getting tested.

Participating and spectating at Orange

- When participating in sport, recreation and play activities with others follow the rules for Gatherings (below)
- The number of people that can meet at the Gathering depends on whether vaccine passes are required and checked or not.
- The Gathering organiser, venue or facility need to make the choice whether to ask for proof of vaccination. In the first instance, organisations and venues owners should talk to each other about the plan to safely run the sport or recreational activities.
- If there are capacity limits applied for your activity, multiple gatherings can still be hosted at one venue however each gathering needs to take place in a defined space. Outdoors this means that each gathering should remain at least 2 metres apart at all times. Indoor gatherings must be separated by walls and cannot share direct airflow.
- Spectators at an outdoor gathering could be treated as a separate gathering and the same limits apply to them if they remain more than 2 metres away from the players (to meet the definition of an outdoor defined space).
- There are no requirements for physical distancing while playing / participating / spectating, which means contact sports can take place; and you do not need to wear a mask when taking part.
- Capacity limits include children and those who are unable to be vaccinated, but excludes workers. Children under the age of 12 are to be treated as if they had a vaccine pass and their presence does not trigger capacity limits where My Vaccine Passes are not checked.
- You can drive outside your region to participate in sport, recreation and play activities if there are no regional boundary restrictions currently in place

Gatherings limits at Orange

Where **vaccine passes** are checked

- If you use vaccine passes there are no limits on the number of people that can attend.
- Checking of vaccine passes is required as best as reasonably practicable in all settings

Where **no vaccine passes** checked

- If you do not check vaccine passes at a gathering, then the capacity limit is determined by the size of the facility allowing for 1m² of space per person. You can have a maximum of 50 people.
- This capacity limit includes children. Children under the age of 12 who cannot be vaccinated are treated as if they have a vaccine pass
- This capacity limit excludes workers
- At the gathering, attendees including spectators do not have to physically distance but need to stay 2 metres away from other gatherings at all times

Checking Vaccine Passes

Where applicable, based on if vaccine passes are checked at a gathering:

- Organisers should seek confirmation from individual participants or team managers that they have a current pass wherever practicable.
- Spectators entering a space where vaccine passes are mandated should receive clear communication that vaccine passes are required, with checking taking place as best as is practical.

Events at Orange

- Sport and recreation organisations will need to determine if their activity fits into a 'gathering' or an 'event' category. For the majority of circumstances, it will be clear whether something is an event or a gathering and you can move forward on this basis. We are aware of examples that may need to be worked through and we will support you with this and provide further information via webinars and fact sheets.
- Indoor and outdoor sporting events at Orange that check vaccine passes are subject to no participant or spectator limits
- Indoor and outdoor sporting events at Orange that don't check vaccine passes cannot go ahead.
